Charging kit for laptops with 100W charger with dual USB-C ports and braided nylon cable

SKU: LAKITTRGAN2C100WK

Universal fast charging for all your compatible devices with a single compact, practical and complete kit

ULTRA-POWERFUL CHARGING FOR LAPTOPS

The **100W wall charger kit** is designed to deliver **fast, ultra-high-power charging** even for next-generation laptops. Compatible with **Lenovo, HP, Dell, ASUS** and many others, the included charger is ideal for working anywhere with a single reliable solution while maintaining high performance. You can also charge devices requiring lower power such as smartphones or tablets, making this kit a versatile charging solution for all your compatible devices.

VERSATILE AND EFFICIENT POWER

The integrated **Power Delivery 3.0** technology automatically adjusts power according to the connected device: you can charge different devices through the two USB-C ports, even at the same time. For example, connect a tablet and a smartphone for fast, device-optimised charging. Support for **UFCS (Universal Fast Charging Specification)** ensures advanced compatibility with various fast charging standards, offering **stable, fast and universal charging**.

DUAL PORT, DOUBLE CHARGING

The charger included in the kit features two USB-C ports: you can choose to connect a single device such as a laptop to charge at full 100W power, or connect two devices such as a smartphone or tablet and wireless earbuds, with power distribution of 70W from one port and 20W from the other.

MICRO COMPACT DESIGN AND BRAIDED NYLON CABLE

GaN semiconductors ensure high performance in a compact format, while offering better heat resistance than traditional materials. The **micro design** (approx. 36 x 42 mm) makes the charger extremely compact and easy to carry.

The kit also includes a **2-metre USB-C cable**: the **braided nylon coating** ensures durability, while the **tangle-free finish** makes it particularly convenient to use. In addition to its charging function, this practical cable also supports data synchronization and transfer, making it a versatile and complete accessory.

WHAT MAKES IT STAND OUT

- 100W charger with dual USB-C ports
- GaN semiconductors: compact size and greater efficiency
- Power Delivery 3.0: energy tailored to your device

- UFCS support for universal fast charging
- 2 m USB-C braided nylon tangle-free charging and data cable
- Ideal for laptops

WHAT’S IN THE BOX

- 1 wall charger
- 1 cable

Charging kit for laptops with 100W charger with dual USB-C ports and braided nylon cable
SKU: LAKITTRGAN2C100WK

Technical data

EAN: 8018417541209
SKU: LAKITTRGAN2C100WK
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking
Color: black
Net Depth: 7.4000 cm
Input: 100-240 V A.C. 50/60 Hz - 1.5 A
Net Width: 3.6000 cm
Net Height: 3.6000 cm
Output: 5V D.C. 3A / 9V D.C. 3A / 12V D.C. 3A / 15V D.C. 3A / 20V D.C. 5A (PD 100W)
Weight: 175 g
: 85044060
Connector: 2xUSB-C
Plug type: EU
Technology: GaN, Power Delivery (PD), Programmable Power Supply

Output power: 100W
Charging type: Power Delivery
Input voltage: 100 - 240 Vac / 50-60 Hz
Included accessories: 1 USB-C power cable
Maximum output power: 100 W
