45W Mini Wall Charger with USB-C Port, Ideal for Laptops, Smartphones and Tablets

SKU: LATRGAN1C45WK

High power in a mini format for all your devices

45W MINI USB-C CHARGER PERFECT FOR LAPTOPS

This **mini wall charger** is designed to power different devices such as laptops, smartphones and tablets with a single compact accessory. The **USB-C** port delivers up to **45W**, providing powerful charging in a pocket-sized format. It is the ideal accessory to keep on your desk at home or in the office to make your workstation more efficient, but it is also perfect to carry with you in a backpack or bag thanks to its compact dimensions of **53 x 35.4 mm**.

POWER DELIVERY 3.0 AND PPS FOR FAST, ADAPTIVE CHARGING

Power Delivery 3.0 technology enables the charger to deliver fast and optimised power to connected compatible devices: the power output automatically adapts to your device, preventing energy waste and overcharging. In addition, **Programmable Power Supply** technology dynamically adjusts voltage and current during charging according to the needs of the connected device, ensuring more precise power management. This allows you to switch from charging your smartphone to powering your laptop using a single accessory.

GAN TECHNOLOGY FOR HIGH PERFORMANCE IN A MINI FORMAT

The charger uses **Gallium Nitride (GaN)** semiconductors: compared to traditional semiconductors, GaN semiconductors offer improved heat resistance and greater efficiency in a smaller size. This technology makes it possible to achieve high performance in a compact and efficient design.
