Wireless Power Bank 5,000 mAh with Stand and LCD

SKU: TEBB5000MAGSTAND

Keeps your smartphone upright and lets you easily monitor the remaining charge

WIRELESS CHARGING FOR ANDROID AND IPHONE

The wireless power bank with **5,000 mAh** lets you charge your devices wherever you go, without needing a power outlet. You can easily charge an **Android** phone with wireless charging by simply placing it on the smooth surface. In this case, you'll get a charge of **15 watts**. If you have an **iPhone** with MagSafe charging, you can also benefit from the **magnetism**: the battery pack will securely attach to your Apple phone. Thanks to the **Automatic Detection System (ADS)** technology, charging is always perfectly **safe**: the power bank will adjust the power according to the energy needs of the device being charged. This is particularly useful for iPhones, which require lower power.

USB-C PORT TO CHARGE AN ADDITIONAL DEVICE

The **USB-C port** allows you to charge another device such as a speaker, a pair of **TWS earphones, an e-reader, a tablet** or a phone without wireless charging. It can charge at a maximum power of **20 watts** and, thanks to **Power Delivery (PD)** technology, it does so in complete **safety**, protecting the device from overheating or short circuits.

THE STAND SUPPORT

The practical foldable stand provides maximum support for your phone in both **vertical** and **horizontal** positions. So, while your smartphone is charging, you can comfortably watch photos, videos, or participate in calls.

EASILY CHECK THE EXACT REMAINING CHARGE THANKS TO THE INTEGRATED DISPLAY

The display shows the remaining charge level of the power bank in **percentage**, so you always know the exact level of energy available. **When it's low**, you can recharge it to 100% **using the USB-C port**, which can also be used to recharge this external battery. Connect it to a power source using the **included USB-A to USB-C cable**.

What sets it apart:

- Capacity: 5,000 mAh
- Integrated stand support
- LCD display for charge monitoring
- Wireless Android charging at 15W with Automatic Detection System (ADS)
- Compatible with MagSafe
- USB-C port with 20W Power Delivery

What's included:

- 1 USB-A to USB-C charging cable
- 1 instruction manual

Wireless Power Bank 5,000 mAh with Stand and LCD
SKU: TEBB5000MAGSTAND

Technical data

EAN: 8018417491016
SKU: TEBB5000MAGSTAND
