

Universal Slider Book-style Case up to 4.5"

SKU: TEBOOKSLID45K

Black universal book-style case for smartphones up to 4.5", featuring internal adhesive, a magnetic lock and card slots

The sliding book-style case protects your smartphone's touchscreen from dirt and scratches.

When you close the book's cover, the entire surface of the touchscreen will be isolated from the external environment. Opening the cover is easy and quick: it just requires a small movement to release the magnetic lock and you can then access all of your smartphone's features.

This book-style case features a slider that fixes your phone in place. But it doesn't just hold the smartphone firmly. It also lets you use the camera without removing the phone from the case.

The case's housing is equipped with card pockets and a wallet pocket is included as well.
