USB-A - USB-C 180° Gaming Cable

SKU: TECABLEUSBC180K

With this 180 cm cable, the charging connector will no longer be a nuisance while watching a movie or playing games on smartphones with USB-C

RECHARGE OR TRANSFER DATA WHILE PLAYING WITHOUT HASSLE

The **cable with 180° USB-C connector** will allow you to play with your smartphone without any hassle or interference. This means you can charge your phone or transfer data while you are using it to watch videos, read or play your favourite video game.

NO PRESSURE ON YOUR HAND WHILE PLAYING: THE ADVANTAGES

Unlike regular cables or cords with 90-degree connectors, the USB-C connection on this accessory is bent so that it doesn't press on your hand while you are holding it horizontally to play games. In fact, **it will make it easier for you to make movements by increasing the sensitivity on the display**. In addition, **it prevents the cable from being pressured and damaged over time**.

WIDE COMPATIBILITY WITH ANDROID PHONES

The cable is designed for all Android smartphones equipped with USB-C port such as **Samsung, Oppo, Xiaomi, Huawei and many others**. A good **1.8 m** in length, it provides versatility when the power or data source is far away from the smartphone it is connected to.

KEY FEATURES:

- USB-C 180° connection
- USB-A connection
- Ideal for gamers: no discomfort when playing, improves touch sensitivity on the display
- Perfect for charging and transferring data between devices
- 1.8 m long for connecting devices that are far apart
