

Wireless receiver

SKU: TECARBTRECEIVERK

Wireless receiver with 3.5mm jack connector, Micro USB port for charging

FREEDOM TO LISTEN

The *universal wireless receiver* will allow you to listen to the playlist you have on your smartphone on other devices, such as your home stereo, car radio or **devices that do not support wireless technology**. A great alternative for those who don't want to give up the pleasure of music without using headphones or earphones.

HOW TO USE

Connect the **universal 3.5mm jack cable** of the receiver to the device with which you want to listen to music on your smartphone or tablet.

The receiver, through the pairing process, connects to your smartphone. You can now listen to the music you have on your mobile phone, or even on other devices that do not have wireless technology **and cannot be wired** to your mobile device.

HOW TO RECHARGE

The receiver is equipped with a USB-C input with which you can recharge it via the cable included in the package.

FEATURES:

- Wireless
- 3.5mm jack connectors
- Range: up to 10 m
- USB-C input for charging
- · Charging cable included
