

TWS compatible earphones with wireless charging

SKU: TEEARTWSPMAXBTK

A pair of totally wireless earphones with integrated touch controls

You don't need wires to connect

The **Air Kab Max earphones** connect wirelessly to your **smartphone, tablet or laptop** and, thanks to **True Wireless Stereo (TWS)** technology, they don't even need wires to pair with each other. They also feature **Hall Switch Technology**: after the first time they pair, they will connect to the device automatically as soon as you open the case. You can listen to music or make calls **even as far as ten metres away** from the connected device without any loss of signal, so you move around freely even in the gym or while doing yoga.

Always recharge your earphones and case wirelessly

The headphones have a **battery life of five hours**, ideal for extended use. **When they run out**, there's no issue: **simply place them back into the charging case** and the battery will be 100% charged again after 1½ hours. The case can provide **four full charges**, allowing you to listen to music and make calls all day long. The **charging case** can also be **wirelessly powered** via your own wireless-enabled cradle or a smartphone with reverse wireless charging. **Alternatively**, you can connect them to a power source such as a powerbank or charger via the **USB-A to USB-C cable** included.

Integrated microphone and Dual Leader technology

The Air Kab Max have a built-in **microphone on both earpieces**. Thanks to **Dual Leader** technology, they're also just right for busy workdays when you need a headset in your ear to answer calls at all times. This technology helps you do just that: **you can use only one of the earphones while the other is charging** inside the case. That way, if one of them runs out, you'll always have the other one available.

Touch keys give you full control over music and calls

Answer calls with a single touch on the headset and without touching the smartphone thanks to touch controls. This way, you'll never have to procrastinate or lose concentration on the road while driving. Even when you want to **end a call**, a simple tap is enough or if you're busy and want to **end it**, two taps are enough. Furthermore, with the touch buttons you can **activate the voice assistant, play/pause a song and change songs**.

Key features:

- True Wireless Stereo (TWS) technology
- Hall Switch Technology
- operating range: 10 metres
- battery life: 5 hours

- standby time: 60 hours
- 300 mAh charging case
- charging time: 1.5 hrs
- the case can also be recharged wirelessly
- Dual Leader technology
- multifunction touch controls

Contents include:

- 1 x pair of earphones
- 1 x charging case
- 1 x USB-A - USB-C charging cable
- 3 x pairs of silicone tips
- 1 x instruction manual

TWS compatible earphones with wireless charging
SKU: TEEARTWSPMAXBTK

Technical data

SKU: TEEARTWSPMAXBTK

Weight: 68 g

Bluetooth: V 5.3

Frequency: 20 Hz-20kHz

Sensitivity: 90 dB

Standby time: 60 hours

Talking time: 5 hours

Operative range: 10 m

Recharging time: 1.5 hours

Speaker impedance: 32 Ohm

Listening to music: 5 hours

Number of connections: 1

Charging base capacity: 300 mAh

EAN: 8018417467653

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to Battery Regulation 2023/1542/EU, Item subject to CE marking, Product charging specifications as per RED directive 2014/53/EU, Product charger not included in package, Packaging of the item subject to the "Green Dot" recycling system, The item packaging is recyclable, Item subject to UKCA marking
