

Portable 150 Watt charging station with USB-A, USB-C, AC socket, DC socket

SKU: TEPOWST150W

Perfect for charging all your devices when you're at home or on the go

Small and easily to charge

The **150 Watt charging station** allows you to recharge all your devices while you're travelling or camping. The practical **handle** makes it easy to carry, while its **compact size** allows you to easily store it in your car, camper van or backpack. Take it with you everywhere you go and power all your tech accessories or small appliances stress-free.

You can even recharge it from your car thanks to the included cables

Charging it through the **DC connector cables included** will give you many hours of energy for all your favourite devices. You can recharge the station using the **12V outlet** in your **car**, a **plug outlet** or via **solar panels** (not included).

Fitted with outlets for charging up to 6 devices at the same time

The station is equipped with 6 ports that can be used to power **smartphones, tablets, smartwatches, speakers, earphones and laptops/MacBooks** from brands such as Apple, Samsung, Xiaomi, Huawei, Oppo and many more. You can also use it to run a fan on balmy summer evenings or to recharge **building accessories** such as an electric screwdriver as you drive to your next customer. All the energy you need in a single accessory.

The 3 USB-A sockets are fast and safe

The **two white USB-A ports** provide **10 Watts** of power and are equipped with **Intelligent Charge (IC) technology**, while the **blue charger** provides **18 Watts** and is equipped with **Adaptive Fast Charge (AFC) technology**. These technologies adapt the energy supplied according to the type of device being charged, thereby ensuring a fast and safe power supply.

USB-C socket features Power Delivery (PD) technology

The USB-C socket supplies **18 Watts** of power. If your device is Power Delivery (PD) technology-compatible, it will enjoy **ultra-fast charging** without overheating or short-circuiting. Your devices will always be charged with the utmost safety and care.

The 100 Watt DC and AC outlets are suitable for laptop charging

On the side of the charging station is an **AC socket** where you can insert a European or Type F 'Schuko' plug. Activate it via the power button and connect a **notebook, MacBook, power bank or wall charger**, as well as **small electronic appliances** that require **up to 100 Watts** of power. Above the USB-A ports you will find a **DC socket** which, thanks to the adapter included, will let you power accessories using a cigarette lighter socket.

With integrated safety LED and LCD screen

The power button lets you activate the integrated **LED spotlight**, ideal for providing light in the evenings while travelling or in emergency situations. It has 3 modes: steady light, flash mode and SOS. The **LCD screen** also displays the remaining battery percentage, the status of the AC outlet and the function of the DC IN socket while the station is charging.

Key features:

- can charge up to 6 devices simultaneously
- can be charged up via a plug socket or a 12V outlet using the included cables
- can be powered by solar panel using a DC connector (not included)

- dimensions: 182 x 188 x 7.5 cm
- 1 x DC input
- 2 x 10 Watt USB-A outputs with Intelligent Charge (IC) technology
- 1 18 Watt USB-A output with Adaptive Fast Charge (AFC) technology
- 1 25W USB-C outlet with Power Delivery (PD) technology
- 1 x AC outlet for 100 Watt EU plug
- 1 x 100 Watt DC Output
- Total power output: 150 Watt
- LED with 3 modes: steady light, flash, SOS
- LCD screen

Includes:

- 1 x AC adapter
- 1 x car charger
- 1 x Car Charger Adapter
- 1 x instruction manual

Portable 150 Watt charging station with USB-A, USB-C, AC socket, DC socket
SKU: TEPOWST150W

Technical data

SKU: TEPOWST150W

Weight: 400 g

Output power: 150 Watt

Maximum output power: 150 W

EAN: 8018417436819

GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to Battery Regulation 2023/1542/EU, Item subject to CE marking, Packaging of the item subject to the "Green Dot" recycling system, The item packaging is recyclable, Item subject to UKCA marking

Color: black

Input: DC and AC

Output: AC: 220 V A.C. 50 Hz 0.45 A (100 W Max)-, DC: 9 - 12.5V

D.C. 10A max

Connector: 3xUSB-A, 1xUSB-C

Plug type: Car Cigarette lighter, EU EU (Type C)

Technology: Adaptive Fast Charge, Intelligent Charge, Power Delivery (PD)

USB Output: 2 x 5V D.C. 2A

Connector 1: 3xUSB-A, 1xUSB-C

USB 2 Output: 5V D.C. 3.0 A / 9 V D.C. 2.0 A / 12 V D.C. 1.5 A (18W)

Input voltage: 100V - 240V A.C. 50/60 Hz 1.5 A, 12 V D.C. 2A

Type C output: 5 V D.C. 3.0A / 9 V D.C. 2A (PD 18W)

Included accessories: AC Adapter, User manual, Car charger, Car charger adapter
