Compact 30 W USB-C wall charger with Power Delivery 3.0 and PPS

SKU: TETRGAN1C30WW

Power and reliability in a compact format, ideal for iPhones, smartphones and tablets

EVERYDAY CHARGING IN A COMPACT FORMAT

Charge different devices quickly and safely with complete peace of mind: thanks to the **USB-C** port with **Power Delivery 3.0** technology, the charger only supplies the required power for the charging requirements of the connected compatible device, thereby reducing the charging time compared to traditional chargers and avoiding energy leakage or overloading. Thanks to its small size, this charger is the perfect accessory for keeping a reliable and compact solution for charging all your compatible devices close at hand.

GAN TECHNOLOGY FOR A SMALLER AND MORE EFFICIENT CHARGER

This **mini wall charger** uses **GaN (Gallium Nitride) semiconductors**: an innovative material that improves the charger's efficiency. GaN allows for the development of **more compact and high-performance chargers**, ensuring greater heat resistance and less energy leakage. The result is a powerful and extremely easy to transport accessory, ideal for people in search of a **lightweight and space-saving charger**.

OPTIMISED CHARGING WITH POWER DELIVERY 3.0 AND PPS

In addition to **Power Delivery 3.0** technology, which allows the connected device to automatically receive the ideal charging power, this charger also includes the **PPS (Programmable Power Supply)** system, which dynamically regulates voltage and current during the charging process. This continuous adaptation improves energy efficiency and helps to **preserve the battery life** of compatible devices.

KEY FEATURES

- 30 W USB-C charger
- GaN semiconductors: more efficient and compact
- Power Delivery 3.0: regulates the power delivered
- Programmable Power Supply: adapts voltage to even the smallest variations
- Compact design
- Ideal for smartphones and tablets

INCLUDES

- 1 mini wall charger

Compact 30 W USB-C wall charger with Power Delivery 3.0 and PPS
SKU: TETRGAN1C30WW

Technical data

EAN: 8018417534966
SKU: TETRGAN1C30WW
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking
Color: white
Input: 100-240- V A.C. 50/60 Hz - 1A
Output: 5V D.C 3A/9V D.C. 3A/12V D.C. 2,5A /15V D.C.2A/20V D.C. 1,5A (PD 30W)
Weight: 85 g
: 85044060
Connector: 1xUSB-C
Plug type: EU
Technology: GaN, Power Delivery (PD), Programmable Power Supply

Output power: 30W
Charging type: Power Delivery
Input voltage: 100 - 240 Vac / 50-60 Hz
Maximum output power: 30 W

Logistics data

Depth Pack: 40 mm
Width Pack: 90 mm
Depth Inner: 250 mm
Height Pack: 170 mm
