GaN Wall charger, 1 USB-C PD 45W output

SKU: TETRGAN1C45W

Mains charger with Power Delivery technology for fast, safe charging

Powerful and very compact thanks to GaN semiconductors

The **45 Watt charger** is made with gallium nitride (GaN) semiconductors. Accessories with this feature are more compact and very powerful. The GaN network charger **measures only 50 x 30 mm**, meaning it can be easily stored in a handbag or backpack. Always take it with you on your travels: the **European plug** ensures compatibility in many countries around the world.

Super-fast charging for all your devices

The **45W GaN charger** charges **smartphones, tablets, smartwatches, TWS headphones and speakers** from a variety of brands including Apple, Samsung, Huawei, Xiaomi and Oppo. This charger can also charge **any laptop** and **MacBook Air** (check the technical specifications of the device you want to charge).

Power Delivery technology ensures performance and safety

Power Delivery (PD) technology can charge your devices with more power. As soon as you plug your compatible cable into the **USB-C port**, the GaN wall charger **delivers 45W of power**, meaning your **smartphone will be charged in 20 minutes, your tablet in 40 and your laptop in 70** (charging times are indicative and depend on the battery capacity of the device being charged). Power Delivery also means **safety** : products with this technology are designed to communicate directly with the device to control the correct amount of power being supplied. This **prevents overheating and short-circuiting**.

Smart design: practical and functional

Its particular design makes it very practical: you can insert it into a wall socket from any direction and **easily insert your charging cable**.

Key features:

- equipped with 1 x USB-C port
- GaN: very powerful but smaller than a normal charger
- universal (check the technical specifications of the device you want to charge)
- delivers 45W of power: charges smartphones in 20 minutes, tablets in 40, laptops in 70 (charging times are indicative and depend on the battery capacity of the device being charged)
- Power Delivery technology: power and safety guaranteed
- European plug
- Size: 50x30 mm

SKU: TETRGAN1C45W

Technical data

EAN: 8018417438165
SKU: TETRGAN1C45W
GPSR: The product must not be used by children or by people unable to understand the potential risks., Item subject to WEEE Directive 2012/19/EU, Item subject to CE marking, The device is protected by double insulation, an earthed connection is not permitted, Packaging of the item subject to the "Green Dot" recycling system, Use the product indoors and in a sheltered environment, The item packaging is recyclable, Item subject to UKCA marking
Color: black
Net Depth: 9 cm
Input: 100-240 V A.C. 50/60 Hz - 1.5 A
Net Width: 3 cm
Net Height: 3 cm
Output: 5V D.C. 3A/9V D.C. 3A/15V D.C. 3A/20V D.C. 2.25A (PD 45W)
Weight: 90 g
: 85044060
Connector: 1xUSB-C
Plug type: EU EU (Type C)
Technology: Power Delivery (PD)
Connector 1: 1xUSB-C
Output power: 45W
Charging type: Power Delivery 45W
Input voltage: 100 - 240 Vac / 50-60 Hz
Recharging time: N/A
Maximum output power: 45 W
